

SPELL ___?

A spelling guide for parents

At the British Dyslexia Association we believe that every kind of brain should be valued for its unique way of looking at the world. If you or someone you know is living with dyslexia, we are here to support.

Top Tips to support your child with spelling:

- break words down into chunks
- write words out in different coloured pens, use the same colour for repeating letter patterns - highlight the tricky bits of words and letter patterns: **when where what: playing parking taping**
- make it fun - use paint, shaving foam, plasticine, wooden or magnetic letters or draw words in the sandpit
- highlight the parts of words which the

child has spelled correctly as well as talking about the errors

- look, cover, say, write and check any commonly mis-spelled words
